

## AMERICAN BREXIT COMMITTEE

October 23, , 2017

Ms. Katharine Nasielski  
Legislative Correspondent  
U. S. Senator Bob Casey  
393 Russell Senate Office Building  
Washington, D. C. 20510

Dear Ms. Nasielski:

Thank you for meeting with us and giving us an opportunity to explain the mission of the American BREXIT Committee. Thank you as well for the names of the staff who would be able to answer the type of trade questions we have.

We were formed because of the British vote to leave the European Union and the potential consequences of that for Ireland's economy and people. It is not entirely clear BREXIT will happen even now. For example, a change in the leadership of the Conservative party could shift the discussion and 'Leave' policies dramatically. It is our belief that there is a role for America to play in this controversy which would insure that America's interests are best served and Ireland does not again become a victim of British policies.

As we noted, one of the most significant things a U. S. Senator can do is ask, and if necessary, demand answers to requests for information. Hence, our appeal to Senator Casey to raise the issues and questions noted in our briefing packet with Ambassador Lighthizer, Secretary of State Tillerson and Senator Bob Corker.

We are very cognizant that Senator Casey has more pressing and consequential issues to address. That's why we feel asking him to write these letters would impose little burden on the staff. If you wish we could send on a draft of each letter if that would accelerate the process.

Thanks again for the references to Livia Shmavonian and Lucy Xiao. We look forward to hearing from you. If you have any questions, please do not hesitate to contact me at 267-766-5028 or at [castlecomer@gmail.com](mailto:castlecomer@gmail.com).

Sincerely,

Michael J. Cummings, Secretary
